CONSTITUTION.

I.

NAME.

The name of this Association shall be the "YOUNG MEN'S DEMOCRATIC CLUB OF MASSACHUSETTS."

II.

OBJECTS.

The objects of this Club shall be: to foster and disseminate Democratic principles; to secure the active participation in politics of those who have hitherto been indifferent to political duties, or who have been prevented from performing them; to bring about the election of honest and capable men to all public offices; and to secure the purity of elections; but the Club shall take no part in the municipal politics. Having the general and familiar principles of Democracy as its basis of belief, it shall from time to time publicly declare the specific measures to which it desires to see the Democracy pledged in coming campaigns.

III.

MEETINGS.

1. The annual meeting of the Club shall be held at Boston on the third Monday of December in each year.

2. The regular meetings of the Club shall be held on the third Monday of March, May, September, October and December of each year. Special meetings may be called by the Executive Committee or by the President whenever twenty-five members shall present to him a written request

for the same, specifying the object of the meeting, which object shall be stated in the notice of the meeting sent to the members.

3. At any such special meeting there may be transacted any and all business not required by this Constitution to be done at a regular meeting.

4. Twenty-five members shall constitute a quorum for the transaction of business, but a less number may meet and adjourn to a day certain.

5. Notices of every meeting must be sent by the Secretary to each member at least three days before the time appointed for the meeting.

IV.

OFFICERS.

The officers of this Club shall be a President, Vice-Presidents, not to exceed in number the electoral votes to which Massachusetts may be entitled, a Secretary, a Treasurer, an Executive Committee of sixteen members, an Elections Committee of nine members, and a Committee on Finance of five members.

V.

NOMINATION AND ELECTION OF OFFICERS.

1. The President, Vice-Presidents, Secretary, and Treasurer shall be elected by ballot on the third Monday in December in each year.

The Executive Committee shall be elected by ballot as follows: at each annual meeting there shall be elected four members to serve for one year and four members to serve for three years.

2. The Executive Committee in October of each year

shall appoint a Committee of at least five members, none of whom shall be officers of the Club, to nominate candidates for the offices to be filled at the next annual meeting, which Committee shall report to the Secretary on or before the second Monday in November; and the Secretary shall mail to each member of the Club at least four weeks before the annual meeting a list of the candidates so nominated.

3. Candidates for any of the offices to be filled at the annual election may be nominated by twenty-five members of the Club, provided such nominations are in writing, and are handed to the Secretary not less than fifteen days before the annual meeting.

4. The Secretary shall prepare two sets of ballots, one white and the other colored, substantially on the Australian plan, for use at the annual election, which shall contain all the nominations made in accordance with the foregoing sections, except where a candidate has withdrawn his name. He shall also keep all such nominations posted in the place provided for such purposes in the Club rooms during the ten days preceding the annual meeting.

The Secretary shall mail one colored ballot, with a ballot envelope, to each member of the Club living outside of the county of Suffolk, the cities of Cambridge, Everett, Lynn, Malden, Medford, Newton, Quincy, Somerville, Woburn and Waltham, and the towns of Arlington, Belmont, Braintree, Brookline, Dedham, Hyde Park, Melrose, Milton, Saugus, Stoneham, Wakefield, Watertown and Winchester, at least one week before election, together with such instructions regarding voting by mail as may be made by the Executive Committee. Any member entitled to receive a

ballot, as above provided, may forward his ballot to the Secretary in accordance with said instructions; and, if received by twelve o'clock noon on the day of election, the member's name shall be marked M. B. on the check-list, and the ballot shall be cast and counted as hereinafter provided, except where withdrawn as hereinafter provided in Clause 5. All ballots shall be put, unopened, into a locked box, which shall not be opened until after the opening of the polls.

5. At the opening of the annual meeting the presiding officer shall appoint three members to act with the Secretary and Treasurer as tellers to receive and canvass the votes; and, in case of the absence of the Secretary or Treasurer, he shall appoint tellers to act in their stead. No person who is a candidate for any office shall act as teller, except that the Secretary and Treasurer may so act, whether they are candidates or not.

After the polls have been opened at least one hour, the box containing the mailed ballots, received as provided in Section 4, shall be opened by the Secretary, who, if the members sending the ballots have not voted, shall open the envelopes and deposit the ballots contained therein in the ballot box. Any member who has sent his ballot to the Secretary, as provided in Section 4, may demand its return at any time before presenting himself to vote in person, or may, when his name is called and before the ballot is cast, demand that it be given back to him; and in either such case the envelope shall be returned unopened, and he may vote in person. No member shall be allowed to vote in person who has deposited a ballot with the Secretary, as

provided in Section 4, until he has demanded and received the ballot so deposited. No member shall be allowed to vote a colored ballot in person.

6. The Committee on Admissions shall be called the Elections Committee; and immediately after the passage of this amendment its membership shall be increased to nine by the election by the Executive Committee of four additional members to serve with the present members until January 1, 1894.

The Elections Committee shall be elected by ballot by the Executive Committee within ten days after the annual meeting in December in 1893, as follows: three members to serve for one year from the first day of January, 1894; three members to serve for two years from that date; and three members to serve for three years from that date. And thereafter, within ten days after the annual meeting in each year, the Executive Committee shall elect by ballot three members to serve for three years.

7. The Finance Committee shall be appointed by the President in January of each year, to serve until the first day of January following their appointment.

8. Each officer, except members of the Finance Committee, shall take office on the first day of January succeeding his election. Each member of the Finance Committee shall take office on the day of his appointment. Each officer shall hold office for the term for which he was elected or appointed, or until his successor is elected or appointed.

9. No member who is in arrears for dues shall be entitled to nominate a candidate for office, to act as teller at the annual meeting, to vote for officers, or shall be eligible to office.

VI.

POWERS AND DUTIES OF OFFICERS.

President.

1. The President shall preside at all meetings of the Club. He shall call meetings of the Club, whenever requested in writing to do so by twenty-five members, and shall perform all other duties delegated to him by the Constitution. He shall be a member *ex officio* of the Executive Committee.

Vice-Presidents.

2. The Vice-Presidents shall, in the order of their seniority, discharge the duties of the President in the event of his absence, disability, or refusal to act.

The seniority of the Vice-Presidents shall be determined by the length of service of each as Vice-President; and, when this is equal in the case of two or more, the seniority of each shall be determined by choice by the President and Vice-Presidents.

Secretary.

3. The Secretary shall keep the roll of the Club, shall record and preserve minutes of the proceedings of the Club, and shall discharge such other duties as may from time to time be assigned to him by the Executive Committee. He shall also have printed and sent to every member of the Club, in February of each year, a revised copy of the Constitution of the Club, also a corrected list of officers, designating the Chairman of each Committee, and a classified roll of all the members of the Club with their legal residence.

He shall at each meeting of the Club read the names of all candidates who have been elected since the last meet-

ing. He shall perform all other duties delegated to him by the Constitution. He shall be a member *ex officio* of the Executive Committee.

Treasurer.

4. The Treasurer shall receive and disburse all moneys for and on account of the Club, shall pay such bills as are audited and approved by the Chairman and Secretary of the Executive Committee, and shall discharge such other duties as may from time to time be assigned to him by the Executive Committee. He shall be *ex officio* a member of the Executive Committee.

Executive Committee.

5. The Executive Committee shall have full power to prescribe remedies and take such measures as it may deem best for the collection of entrance fees and dues; also to drop from the roll the names of members failing to comply with the provisions of Article X. It may direct the Treasurer to make disbursements on account of the Club; but no indebtedness shall be incurred on behalf of the association by the Executive Committee, or by any officer of the Club, exceeding the amount of money in the treasury over and above any existing obligation, at the time of incurring such liability.

It shall elect members of the Elections Committee as provided in Article V., Section 6. It shall report to the Club at each meeting, and at the annual meeting it shall make a report in writing of the work done during the year.

It may propose amendments to the Constitution or By-Laws.

It may appoint sub-committees.

It shall perform all other duties prescribed by this Constitution, and not specifically delegated to other officers, and shall have general charge of the interest of the Club, and shall direct and manage the affairs of the Club-rooms.

Five members shall constitute a quorum.

Elections Committee.

6. The Elections Committee shall have full power regarding the election and expulsion of members, as prescribed by Article VIII. and Article IX.

It shall meet at least once in each month, except during the months of July and August.

Three members shall constitute a quorum.

Committee on Finance.

7. The Committee on Finance shall solicit contributions to the Club funds, shall have general charge of the finances of the Club, and shall at least once in each year, and within a fortnight next before the annual meeting, examine the accounts of the Treasurer, and audit all bills and accounts against the Club.

VII.

VACANCIES.

Any vacancy in the office of either President, Vice-Presidents, Secretary, or Treasurer, shall be filled for the unexpired term by the Executive Committee. Any vacancy in the Executive Committee, or in any of the other committees, shall be filled for the unexpired term by election by the remaining members of the Committee in which it may occur.

VIII.

ADMISSIONS.

1. Any member may nominate any Democrat for admission to the Club by delivering to the Chairman of the Elections Committee a letter stating the name, business occupation, place of business, and residence of the candidate, and any facts as to the fitness of the candidate for admission. The nomination must be seconded, in writing, by another member.

2. All nominations for membership shall be passed upon by the Elections Committee, and, if approved, shall be reported by mail, with the names of the members proposing and seconding each candidate, to all members of the Club, one week at least before the final action thereon by the Committee. Any member may offer objections in writing to any name proposed, such communications to be regarded as strictly confidential.

3. At each meeting of the Committee the names of all candidates which have been reported by mail at least one week previous thereto, as provided for in the preceding section, shall come up for election by the Committee.

4. All elections shall be by ballot. Five or more affirmative votes shall be necessary to elect a candidate; and if more than one-third of all the votes cast shall be negative, it shall constitute a rejection. If on any ballot a candidate be neither elected nor rejected, his name shall be again voted upon at the next regular meeting of the Committee. The Committee shall report forthwith to the Secretary the names of all candidates who have been elected.

IX.

EXPULSIONS.

Any member who may be guilty of conduct tending to endanger the welfare, interests, or character of the Club may be expelled from the Club at any meeting of the Elections Committee; but no member shall be expelled except by the affirmative vote by ballot of at least seven members of the Committee present and voting, nor without ten days' notice of the charge against him and of the time when he can submit to the Committee a written answer to such charge.

X.

ENTRANCE FEES AND ANNUAL DUES.

1. Every person elected to membership of this Club shall pay an entrance fee of two dollars to the Treasurer within one month after he shall have been notified of his election.

2. Each person elected to membership of this Club shall also pay to the Treasurer the sum of three dollars within one month after he shall have been notified of his election, and thereafter shall pay to the Treasurer in January of each year the sum of three dollars for annual dues.

3. No member elected after the fifteenth of November in any year shall be required to pay dues for that year.

4. It shall be the duty of the Treasurer to report at the March meeting of the Club, in each year, the names of all members who have not paid their annual dues. He shall also present a list of the members in arrears for dues at all elections of officers, and at all meetings where a proposed amendment to the Constitution is to be voted upon.

XI.

SIGNING CONSTITUTION.

No member-elect shall be put on the roll or be entitled to the privileges of membership until he has signed the Constitution. A book containing the Constitution and roll of members shall be kept by the Secretary, and produced by him at every meeting of the Club.

XII.

AMENDMENTS TO THE CONSTITUTION.

Amendments to this Constitution may be made as follows: Any member or the Executive Committee may at any meeting of the Club, except during the months of July and August, propose any amendment to the Constitution by reducing his proposition to writing, reading it aloud to the meeting, with a statement of the time when it will be moved for adoption, and delivering the same to the Secretary.

The Secretary shall send to each member a copy of such proposition, with his notice of the meeting at which it is to be moved for adoption. But no proposed amendment shall be voted upon until the meeting next succeeding that at which it was introduced. If it then receives the affirmative votes of two-thirds of all members present, it shall be deemed adopted. No member who is on arrears for dues shall be entitled to vote for any amendment of this Constitution.

Adopted December, 1894, and March, 1896.

In National Affairs.

(1) The functions of the Federal Government should be strictly confined to the powers conferred by the Constitution, and centralizing tendencies of the Republican party should be steadily resisted.

(2) The sole function of the Federal Government in monetary matters is to provide a standard of value and to coin metallic money, every dollar of which should be of equal intrinsic value, and nothing but this coined money should be a legal tender.

Until the other commercial powers co-operate in the adoption of international bimetallism, our existing gold standard of value should be maintained inviolate.

The government is unfitted properly to carry on a banking business, and should retire and cancel the greenbacks and treasury notes.

Our present banking system, adopted as an expedient in time of war, is not fully adapted to existing conditions and does not supply the Southern and Western States with adequate facilities. We therefore ask that our system of banking be improved so as to be truly national in scope and operation, and so as to furnish at all times, under national supervision, a safe, elastic and sufficient currency.

(3) The Federal Government has no moral right to tax

the whole people for the benefit of individual or class interests. The protective system breeds corruption and bribery in our politics, and is unequal, injurious, unjust and immoral. Tariff taxation should be gradually reduced until no tax exists which is not imposed for the purpose of revenue only. The tariff law of 1894 has permanently reversed the tariff policy imposed upon the country by the Republican party, and has greatly lightened the burden of taxation. All raw materials should be added to the free list, and every duty which tends to create or maintain any trust or combination should be abolished.

(4) The taxation of materials entering into vessels and the refusal of an American register to foreign-built vessels owned by American citizens have practically driven the American flag from the seas. This combined protective system of tariff and navigation laws is both unjust and unwise, and all laws denying to our citizens the right to purchase foreign-built ships and sail them under the American flag in foreign trade should be repealed.

(5) A National Bankruptcy Law fair to both debtor and creditor and to all sections of the country should be enacted without delay.

(6) Public office is a public trust. The spoils system of appointments is inconsistent with Democratic principles and an obstacle to their advance. The extension of the merit system of appointments recently made by President Cleveland is a step in the right direction, and should be carried further, to the end that all federal positions to which that system is applicable may be placed upon a strictly non political basis. The Civil Service Law should be

amended so as to bring the post-offices and the consular service within the merit system, and the continued tenure of office of faithful officials should be secured. The work of the Civil Service Commission should be sustained by adequate appropriations.

(7) United States Senators should be elected by direct vote of the people.

(8) A National Board of Arbitration and Conciliation, modelled on the lines of the Massachusetts State Board, should be established.

(9) The present partisan settlement of contested election cases is a disgrace that should no longer be tolerated. They should be referred to the courts for judicial investigation.

(10) The present immigration laws should be so amended as more effectively to exclude paupers, criminals and anarchists.

In State Affairs.

(1) The State Constitution should be so amended as to secure responsible government. The governor of the State should be, in fact as well as name, its chief executive, responsible only to the people. He should be given full power to appoint all executive officers, subject only to confirmation by the Senate, and entire power of removal. A method of co-operation should be established between the executive departments and the legislature, to secure prompt and judicious legislation.

(2) The principle of local self-government should be maintained. The local affairs of cities and towns should not be administered from the State House.

(3) The rights of labor should be constantly protected by reasonable and constitutional legislation.

(4) The sale of intoxicating liquors should be regulated by judicious legislation, and so taxed that adequate revenue may be obtained without creating monopolies for favored individuals. General prohibitory laws should be opposed as wrong in principle and oppressive and demoralizing in practice.

The present method of local option should be extended by permitting cities and towns to adopt the Norwegian system of regulating the sale of liquor.

(5) The right of the citizen to educate his children in such manner and at such schools as he sees fit should not be abridged by State interference. Our public schools must be maintained on an absolutely non-sectarian basis, and should receive the earnest support of all our citizens; and no public moneys should be expended for other than public schools. Manual training, as a part of our public school system, should be extended.

(6) Some system should be adopted to make the process of voting quicker and the counting honest, accurate and instantaneous.

(7) A system of proportional representation should be adopted, so that political parties may obtain the representation to which their voting strength justly entitles them.

(8) A full return should be secured to the community for all special privileges and franchises granted to corporations.
